

**FASHION LOOK  
& GLAMOUR**

**AMERICAN  
C  
STYLER**

Thanks to its exclusive and innovative design, BaByliss **PRO** American C Styler BAB2074E allows to achieve an infinite variety of hair styles, curls, waves and flips as well as a perfect straightening.

### High technology & high performance

- 230°C high heat
- Advanced Nanotitanium Sol-Gel plates of an exceptional size (38 x 106 mm)
- Advanced Heat Management System : advanced ceramic heating element
- Instant heat recovery to maintain the correct temperature during use

### Total temperature control for perfect and long lasting results

- Temperature control
- 5 variable heat settings (115°C à 230°C)

### Time saving

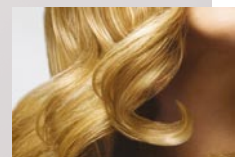

- Ultra fast heat up
- One tool for a wide range of achievements
- Tutorial video included

### Safety

- On / off button
- Silicone heat mat to protect surfaces from the high heat
- Heat finger shield to work safely
- 2.70m professional swivel cord

**The American C Styler makes everything easy: straightening, curling, adding lift and volume.**

**It is only about abandoning one's wrist and letting the styler glide down for perfect straightening, soft, loose or tighter waves, or even real curls.**
