Ceramic

CERAMIX XTREME®

This turbo dryer emits far-infrared heat and natural ions. Far-infrared heat penetrates the hair shaft, drying hair from the inside out leaving it softer, shinier and healthier-looking. Natural ions help to eliminate frizz and reduce static.

Buy this special value
Ceramix Xtreme® Dryer.

BABPK2000

- Ceramic technology
- 2000 watts
- Professional AC motor
- Concentrator nozzle
- Cold shot button

CERAMIC TOOLS™

Babyliss®PRO Ceramic Tools™ style with uncommon ease and efficiency. Barrels and plates heat evenly and quickly, while natural ions reduce static for frizz-free styling. Far-infrared heat allows faster styling time and reduces the stress on hair. Wrap up smooth, sexy curls or glide through the hair for pin-straight styles.

Buy a pink BaByliss®PRO Ceramic Tools™ 1" Straightening or 1" Curling Iron.

CTPNK2555 (1" Straightening Iron)

- Ceramic plate technology
- 25 heat settings – up to 450°F
